

HortiTop High-N 18-3-6

(+ 1% MgO + 3% SO₃)

Slow release top-dressing fertiliser for container-grown trees and shrubs. Provides hungry, tired plants with rapid recovery from tough conditions. HortiTop High-N has been developed to provide sustained and steady feeding of container-grown nursery stock, perennials and pot plants.

Analysis (w/w):

Total Water Soluble Nitrogen (N) -	18.50 %
Nitrate Nitrogen -	0.70%
Ureic Nitrogen -	4.60%
IBDU Nitrogen-	11.20%
Organic Nitrogen -	2.00%
Total Phosphorus Pentoxide soluble in water (P2O5) -	3.00 %
as P -	1.30%
Total Potassium Oxide soluble in water (K2O) -	6.00%
as K -	5.00%
Total Magnesium Oxide (MgO) -	1.00 %
Total Sulphur Trioxide (SO ₃) -	3.0%
as S -	1.2%
+ Trace Elements	

Rates of Use:

	Top dressing Grams/litre of growing media	Broadcasting grams/m ²
Sensitive species	0.5 to 1.0	30 to 50
Moderate-vigour species	1.0 to 1.5	50 to 75
Strong-growing species	1.5 to 2.5	75 to 150

When broadcasting, apply to dry plants to avoid adhesion of granules to the foliage. Agitate plants lightly after application to shake granules out of foliage and onto the surface. Do not broadcast over rosette forming species as the granules will lodge in the crown and may cause damage.

Use in combination with HortiWet Advance in the irrigation to gain maximum effect and rapid recovery from hard times. To be used only where there is a recognised need. Do not exceed recommended application rate.

Conditions of Supply:

All goods supplied by us are of high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing at use or of the weather conditions before during and after applications which may affect the performance of the goods, all conditions and warranties, statutory or otherwise as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling application at use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
